# New IG Geometry

*From Diplo's Lab* – **Governments were 'quiet' in Bali**

# *From Diplo's Lab* – **Most frequent words in the IGF 2013 transcripts**

# Three Main Issues at the IGF - Bali

- Internet surveillance (IG in AS – After Snowden Era)
- Brazil/ICANN Initiative
- IG Institutional Architecture (multistakeholder approach)

# Internet Surveillance and IG in the AS (After Snowden) time

## Consensus

- Serious crisis in IG
- Undermine trust as the main IG pillar
- Need to find way of the current situation

## Sort of Consensus

- There are rules in existing treaties that should be applied (e.g. privacy protection in the Covenant on the Civil & Political Rights)

## Lack of Consensus

- How to implement existing rules on privacy and data protection?

# Brazil/ICANN Initiative & Broader IG Context

 ICF - BALI

SEPTEMBER:  
 - ROUSSEFF SPEAKS IN UN GA  
 - CANCELLATION OF VISIT TO USA

ICANN/BRAZIL INITIATIVE:  
 - POSSIBLE WAY-OUT OF NSA/ISNODON STALEMATE  
 - ICANN "DELIVERS" USA AND SILICON VALLEY  
 - BRAZIL "DELIVERS" GOVERNMENTS AND IOS

INTERNET RIO SUMMIT ON 7<sup>TH</sup> MAY 2014:  
 - CIVIL SOCIETY PLAYS ROLE IN MAKING "RIO DEAL"

MONTVIDEO DECLARATION: TECHNICAL COMMUNITY INITIATIVE (DISTANCE FROM BUSINESS)

TILL MONTVIDEO BUSINESS AND TECHNICAL COMMUNITY HAD SIMILAR POSITIONS ON 14.

**Multistakeholder**

**Intergovernmental**

# IG Institutional Architecture

## Multistakeholder Partnership

- 15 Workshops with 'MS' in the title
- 40% workshops dealing with IG institutional architecture

## General impression

- More of the same: old discussion and arguments
- 'Wait and see' what can bring Brazil/ICANN Initiative

## A few trends

- Strong push on the Internet principles
- Need to have more evidence on multistakeholder partnership.

# E-Squatting and some good news for IG!
